

Charles E. Johnston II, M.D.

Editorial Positions - Journals

Editorial board, *Orthopedics*. (Slack Incorporated). 1984 – present.

Consultant reviewer, *Spine* (Lippincott Williams & Wilkins). 1999 – present.

Consultant reviewer, *Journal of Bone & Joint Surgery*, 2001 - present

Service Organizations

Board of Directors, United Cerebral Palsy (Dallas), 1986-89.

Presentations

Johnston, C.E. II: Anatomical and Functional Analysis of Reconstructive Procedures for the Paralytic Shoulder. Orthopaedic Grand Rounds, University of Virginia, February, 1979.

Johnston, C.E. II: Anatomy and Surgical Complications of Approaches to the Hip for Arthroplasty. Orthopaedic Grand Rounds, University of Virginia, April, 1979.

Johnston, C.E. II: Fractures and Fracture-Dislocations of the Shoulder. Orthopaedic Grand Rounds, Roanoke Memorial Hospital, Roanoke, Virginia, August, 1979.

Johnston, C.E. II; Strong, T.E.; and Shaffer, L.W.: Primary Endoprosthetic Replacement for Acute Femoral Neck Fractures - A Review of 150 Cases. Virginia Orthopaedic Society, The Homestead, Hot Springs, Virginia, April, 1980.

Johnston, C.E. II: Biomechanics of Implant Failures in Hip Fractures. Orthopaedic Grand Rounds, University of Virginia, August, 1980.

Johnston, C.E. II et al: Primary Endoprosthetic Replacement for Acute Femoral Neck Fractures. Eastern Orthopaedic Association, Boca Raton, Florida, 1981.

Johnston, C.E. II: Biomechanics of Implant Failures in Hip Fractures. Orthopaedic Grand Rounds, University of Texas Southwestern Health Science Center, Dallas, August, 1981.

Johnston, C.E. II: Anatomic and Radiographic Evaluation of Acetabular Coverage of Hip Dysplasia. Participant, Brandon Carrell Memorial Lectureship, Texas Scottish Rite Hospital, Dallas, June, 1982; Louisiana Orthopaedic Association, New Orleans, October, 1982.

Johnston, C.E. II: Myelodysplasia: Correction of Hip, Knee and Foot Deformities. Presented at Myelodysplasia Conference, Children's Hospital, New Orleans, February, 1983.

Johnston, C.E.; Ashman, R.B.; and Carollo, J.A.: Comparative Stiffness of Dwyer and Zielke Instrumentation in Three-Point Bending. Presented at the Scoliosis Research Society, New Orleans, September, 1983.

- Johnston, C.E. II: Pediatric Orthopedic Problems - Especially Traumatic. Presented at New Orleans Emergency Medicine Seminar, New Orleans, March, 1984.
- Johnston, C.E. II: Common Congenital and Developmental Orthopedic Problems. Family Practice Update, New Orleans, May, 1984.
- Johnston, C.E. II; Norris, R.; Burke, S.W.; Happel, L.; King, A.G., and Roberts, J.M.: Delayed Paraplegia Complicating Segmental Spinal Instrumentation. Presented at the Scoliosis Research Society, Orlando, Florida, September, 1984.
- Johnston, C.E. II: New Knowledge of Natural History and Non-operative Treatment of Idiopathic Scoliosis. Presented at the Clinical Orthopedic Society, New Orleans, October, 1984.
- Johnston, C.E. II; Wenger, D.R.; Roberts, J.M.; and Burke, S.W.: Acetabular Coverage: Three Dimensional Anatomy and Radiographic Evaluation. Presented at the American Academy of Orthopaedic Surgeons, Las Vegas, January, 1985; Brandon Carrell Memorial Lectureship, Texas Scottish Rite Hospital, Dallas, March, 1985.
- Johnston, C.E. II: Non-operative Treatment for Idiopathic Scoliosis - An Oxymoron? Participant, Brandon Carrell Memorial Lectureship, Texas Scottish Rite Hospital, Dallas, March, 1985.
- Johnston, C.E. II; Fletcher, R.R., and MacKenzie, F.R.: Aneurysmal Bone Cyst - Role of Trauma in Pathogenesis. Brandon Carrell Memorial Lectureship, Texas Scottish Rite Hospital, Dallas, March - 1985; North Texas Orthopedic Association, Salado, Texas, September - 1986; Texas Orthopedic Association, Houston, May 1987; Pediatric Orthopaedic Society of North America, Toronto, May, 1987; American Academy of Orthopedic Surgeons, Atlanta, February, 1988.
- Johnston, C.E. II: The Anterior Approach to Scoliosis. Orthopaedic Grand Rounds, University of Texas Health Science Center, Dallas, April, 1985.
- Johnston, C.E. II; Ashman, R.B.; and Sherman, M.C.: Mechanical Consequences of Rod Contouring and Residual Scoliosis in Sublaminar Pelvic SSI. Presented at the Scoliosis Research Society, San Diego, California, September, 1985.
- Johnston, C.E. II: Non-operative Treatment of Scoliosis. University of Texas Southwestern Orthotic and Prosthetic Annual Training Program, Dallas, October, 1985 – 2003.
- Johnston, C.E. II: Holes in Children's Bones - Orthopedic Grand Rounds, University of Texas Health Science Center, Dallas, March, 1986.
- Carollo, J.J.; Johnston, C.E. II; Birch, J.G.; Herring, J.A., and Aston, J.W.: A Slow Motion Video/EMG System for Clinical Gait Analysis. Scientific Exhibit, American Academy of Orthopedic Surgeons, New Orleans, February, 1986.
- Johnston, C.E. II: Biomechanical Testing of Spinal Instrumentation Systems. Luque Peduncular Fixation Course, Indianapolis, Indiana, August - 1986; February, 1987; May, 1987; Phoenix, Arizona, March, 1988; Orthopedic Grand Rounds, University of Texas Health Science Center, Dallas, June, 1987; SRS - NASS Course on Pedicle Fixation of the Spine, Chicago, September 17-18, 1988. Dallas, Texas April 29-30, 1989.

Johnston, C.E. II; Ashman, R.B., and Corin, J.D.: Mechanical Effects of Cross-Linking Rods in Cotrel-Dubousset Instrumentation. Scoliosis Research Society, Southampton, Bermuda, September, 1986; Federation of Spine Associations, San Francisco, January, 1987.

Johnston, C.E. II. Faculty Participant, Operative and non-operative Treatment in Children's Orthopedics:

1. CDH. Non-operative Treatment. Closed Reduction (Video).
2. Operative Treatment of Clubfoot. (Video)
3. Torticollis
4. Cerebral Palsy. The Role of Gait Analysis.
5. Cavus Foot.
6. Operative Treatment, Supracondylar Fracture of Humerus. (Video)

American Academy of Orthopedic Surgeons Continuing Education Course. Dallas, Texas, October 22-24, 1987.

- Johnston, C.E. II, Weinstein, S.L., Winter, R.W: Debate: A 17-year-old male with Scheuermann's disease should have surgical stabilization. Presented at the POSNA Specialty Day, American Academy of Orthopaedic Surgeons, Atlanta, February 1996.

Schoenecker, P., Johnston, C.E. II, Crawford, A., Carroll, N., Watts, H: Controversies in the Management of Non-Traumatic Pediatric Orthopaedic Pathology. Instructional Course Lecture, American Academy of Orthopaedic Surgery, Atlanta, February 1996.

Johnston, C.E. II: Visiting Professor, Universidad Autonoma de Nuevo Leon, Servicio del Ortopedia y traumatologia, Monterrey N.L., March 1996.

1. Spondylolisthesis
2. Bowing Deformities of the Tibia in Children

Johnston, C.E. II: Tutorial Director. Management of Severe Spinal Disorders in Young Children. Presented at the POSNA Tutorial at Texas Scottish Rite Hospital for Children, Dallas, Texas, March 29, 1996.

Johnston, C.E. II, Karol, L.A., Haideri, N: Functional Assessment of Healed Congenital Pseudarthrosis of the Tibia. Presented at the European Pediatric Orthopaedic Society, Prague, Czech Republic, April 11-13, 1996.

Johnston, C.E. II: Three-Dimensional Analysis, Treatment, and Long-Term Results of Clubfoot. Orthopaedic Grand Rounds, Baylor College of Medicine, Houston, Texas, August 21, 1996.

Johnston, C.E. II: Visiting Professor, Shriner's Hospital for Crippled Children, Springfield, MA, October 24-25, 1996.

1. Cervical Spine Anomalies in Children
2. Angular Deformities of the Lower Leg

Johnston, C.E. II: Tutorial Director. Management of Severe Spinal Disorders in Young Children. Presented at the SRS Tutorial at Texas Scottish Rite Hospital for Children, Dallas, Texas, November 8, 1996.

Schoenecker, P., Johnston, C.E. II, Crawford, A., Carroll, N., Watts, H: Controversies in the Management of Non-Traumatic Pediatric Orthopaedic Pathology. Instructional Course Lecture, American Academy of Orthopaedic Surgery, San Francisco, California, February 1997.

Johnston, C.E. II: Anterior Correction of Idiopathic Scoliosis - Functional Outcome. Presented at the Brandon Carrell Memorial Lectureship, Texas Scottish Rite Hospital, Dallas, Texas, June 6-7, 1997.

Johnston, C.E. II: Visiting Professor, Children's Hospital, New Orleans, Louisiana, September 12-13, 1997.

1. Long-term follow up of surgically treated clubfoot. Implications for treatment.
2. Deformities of the lower leg in children.
3. Idiopathic scoliosis - classification and natural history.
4. Adolescent idiopathic scoliosis - operative treatment.

Johnston, C: Profesor Internacional, XIV Congreso Nacional de Asociacion Mexicana de Ortopedia y Traumatologia, Merida, Mexico, October 23-27, 1997.

1. Scoliosis instrumentation with a single rod.
2. Treatment of paralytic scoliosis.
3. Use of the threaded rod in anterior spine surgery.

Johnston, C.E. II: University of Virginia Orthopaedic Alumni Meeting, Charlottesville, Virginia, November 14-15, 1997.

1. Functional Assessment of Healed Pseudarthrosis of the Tibia.
2. Return of the Threaded Rod in Spine Surgery.

Johnston, C.E. II: Ten year followup of operatively treated clubfeet. American Orthopaedic Foot and Ankle Society Specialty Day, New Orleans, March 22, 1998.

Johnston, C.E. II: Functional assessment of healed congenital pseudarthrosis of the tibia. Pediatric Orthopaedic Society of New Zealand, Queenstown, New Zealand. January 29 - 30, 1998; Pediatric Orthopaedic Society of North American, Cleveland, May 7 - 9, 1998.

Schoenecker P, Johnston C, Crawford A, Carroll N, Roberts J: Commonly occurring hip pathology in pediatric orthopaedics. Instructional Course Lecture, American Academy of Orthopaedic Surgeons, New Orleans, March 1998.

Johnston C: Guest faculty, 11th Ste-Justine Paediatric Orthopaedic Review Course, Montreal, P.Q. April 15 - 17, 1998.

1. Lumbosacral fixation: techniques and results.
2. Clubfoot: Long term functional outcome and it's implication for current surgical management.
3. Congenital and developmental deformities of the lower limb.

Johnston CE II, Sucato DJ, Birch JG, Herring JA: Outcome of ultrasonic hip abnormalities in clinically normal hips. Pediatric Orthopaedic Society of North America, Cleveland, May 7 - 9, 1998.

Johnston CE: Anterior correction of scoliosis-functional outcome. Scoliosis Research Society, New York, September 16-20, 1998.

Johnston CE II: Return of the threaded rod in spine surgery. Poster exhibit, Scoliosis Research Society, New York, September 16-20, 1998.

Johnston CE II: Visiting professor, Children's Hospital Medical Center, Cincinnati, March 4-6, 1999.

1. Clubfoot '99: Outcome assessment and implications for treatment
2. Deformities of the cervical spine in young children
3. Deformities of the lower leg

Johnston CE II: Visiting professor, Robert Wood Johnson Medical School, New Brunswick, NJ, March 18, 1999.

1. Deformities of the lower leg.
2. Selection of fusion levels in idiopathic scoliosis.

Schoenecker P, Johnston C, Crawford A, Gross R: Commonly occurring lower extremity deformities in children. Instructional Course Lecture, American Academy of Orthopaedic Surgeons, Anaheim, CA. February 1999.

1. Clubfoot 2000 – non-operative vs. operative treatment.
 2. Pitfalls in the diagnosis and management of idiopathic scoliosis.
 3. Cervical spine abnormalities in children.
- Johnston CE II: Radiographic and clinical outcome assessment for single overhang AIS curves. Medtronic Sofamor Danek Deformity Study Group, New York, NY, December 9-11, 2000.

Johnston CE II: Participant, European Pediatric Orthopaedic Society Annual Meeting, Montpellier, France, April 4-8, 2001.

1. Evaluation of surgical treatment variations in IM rodding for congenital pseudarthrosis of the tibia.
2. Effect of grafting technique on maintenance of frontal and sagittal plane correction in anterior treatment of scoliosis.

Johnston CE II: Faculty participant, Saint Justine Pediatric Orthopaedic Review Course. Montreal, Quebec, April 18-20, 2001.

1. Clubfoot treatment 2001; paradigm shift to non-operative treatment
2. Angular deformities of the lower leg.
3. Cervical spine abnormalities in young children.
4. Pitfalls in the diagnosis and general management of idiopathic scoliosis.

Johnston CE II: Participant, Pediatric Orthopaedic Society Annual Meeting, Cancun, Mexico, May 2-5, 2001.

1. Congenital pseudarthrosis of the tibia (CPT). Technical aspects of the Charnley-Williams procedure.
2. Effect of grafting technique on maintenance of coronal and sagittal correction in anterior treatment of scoliosis.

Johnston CE II: Participant, College of Physicians and Surgeons of Columbia University, Alumni Reunion Weekend, New York, New York, May 10-12, 2001. "Spinal Deformity Treatment Based Upon Degree of Difficulty".

Johnston CE II: Participant, Puerto Rico Orthopaedic Society Annual Meeting, San Juan Puerto Rico, August 31 – September 3, 2001. "Non-operative management of clubfoot".

Johnston CE II: guest professor, Hoke-Kite Conference, Children's Healthcare of Atlanta at Scottish Rite, March 14-16 2002. "Failure of surgical treatment and shift to non-operative management of clubfeet".

Johnston CE II: Faculty participant, Ste.-Justine Pediatric Orthopedic Review Course, Montreal, PQ. April 10-11, 2002.

1. Cervical spine anomalies in young children.
2. Clubfoot: conservative management
3. Angular deformities of the lower limb.

Podeszwa DA, Karol LA, Johnston CE II, Jeans K, Talwalker V: Gait analysis following proximal femoral valgus osteotomy for femoral head osteonecrosis. Pediatric Orthopedic Society of North America, Salt Lake City Utah, May 2-5, 2002.

O'Brien SE, Karol LA, Johnston CE II: Calcaneus gait following treatment for clubfoot: results of surgical correction. 3rd International Clubfoot Conference, SICOT, San Diego, August 27-28, 2002.

Johnston CE II. Faculty participant, SRS tutorial "Exotic Scoliosis". Chicago, October 4-5, 2002.

1. Halo-traction in the treatment of severe scoliosis in young children.
2. Strategies for management of spinal deformity without fusion.

Johnston CE II. Faculty participant, VIII International Seminar on Pediatric Orthopaedics, Pamplona, Spain, November 8-9, 2002.

1. Idiopathic scoliosis
2. Congenital pseudarthrosis of the tibia and other disorders of the leg.

Johnston CE II. Visiting professor, Beijing Children's Hospital; Peking Union Medical College, Beijing, PR China; 4th Military Hospital, Xian, PR China, November 12-17, 2002.

1. Treatment of scoliosis based on degree of difficulty
2. Update on anterior treatment of spinal deformity.

Johnston CE II. Unusual forms of pediatric kyphosis. Federation of Spine Associations, AAOS Specialty Day, New Orleans, February 8 2003.

Johnston CE II. Faculty participant, Ste-Justine Pediatric Orthopedic Review Course, Montreal P.Q. March 26-28, 2003.

1. Cervical spine anomalies in children
2. Non-operative management of clubfoot.
3. Angular deformities of the lower limb.

Johnston CE II. Visiting speaker, Grand Rounds, Wayne State University/Henry Ford Hospital Department of Orthopedic Surgery, Detroit, June 4 2003:

1. Angular deformities of the lower limb
2. Cervical spine anomalies in children.

Johnston CE II. Medical sequelae of early onset scoliosis. Pediatric Grand Rounds, Children's Medical Center, Dallas, August 27 2003.

Johnston CE II, Elerson E, Dagher G. Correction of adolescent hyperkyphosis by posterior-only threaded rod compression instrumentation. 38th Scoliosis Research Society Annual Meeting, Quebec City, September 10-13 2003; Combined Meeting of the English Speaking Orthopedic Associations, Sydney, Australia, October 2004

Pierce WA, Haideri N, Bronson D, Clavenna A, Ashman RB, Johnston CE. Crosslinks revisited: evaluation of crosslinking in the pedicle screw era. Poster exhibit, 38th Scoliosis Research Society Meeting, Quebec City, September 10-13 2003.

Johnston CE II: Treatment of congenital knee dislocation: femoral shortening and ACL reconstruction. International Pediatric Orthopedic Think Tank (IPOTT), Boston, October 15-18 2003.

Johnston CE II: invited faculty, International Pediatric Orthopedic Seminar, San Diego CA.,

1. Valgus osteotomy for severe AVN of the adolescent hip
2. Ipsilateral hip and knee surgery for severe complex congenital limb deformity.
3. Congenital dislocation of the knee: treatment by femoral shortening and ligament reconstruction.
4. IM rodding for congenital pseudarthrosis of the tibia – Charnley-Williams technique.
5. Physeal resection for grade III-IV infantile Blounts disease.

Johnston CE II: Congenital dislocation of the knee: treatment by limited open reduction, femoral shortening, and ACL reconstruction. Presented at the POSNA Specialty Day

(AAOS annual meeting), San Francisco, March 13, 2004; European Paediatric Orthopaedic Society, Geneva, Switzerland, March 31-April 3, 2004

Johnston CE II: New treatment techniques in pediatric kyphosis deformities. Visiting professor, Beijing Children's Hospital, Beijing, P.R. China; Section of Spine Surgery, Chinese Orthopedic Association, 301 Military Hospital, Beijing; visiting professor, Tower Drum Hospital, Nanjing, P.R. China, May 13-18, 2004.

Johnston CE: Early onset scoliosis – treatment challenges. Patrick MacAuley Lecturer, Temple Street Children's University Hospital, Dublin, Ireland. July 10, 2004

Johnston CE: Treatment options in early onset scoliosis – avoiding thoracic insufficiency. SRS/POSNA Symposium on the Growing Spine. Children's Hospital, San Diego, CA. July 23, 2004; July 22, 2005.

Johnston CE, Milbrandt T: Down's syndrome and scoliosis: a sixty year experience at one institution. 39th Scoliosis Research Society, Buenos Aires, Argentina. September 6-9, 2004

Karol LA, Wilk B, Colby S, Johnston C: The effect of scoliosis fusion on spinal motion: comparison of fused vs. unfused patients. 39th Scoliosis Research Society, Buenos Aires, Argentina. September 6- 9, 2004

Johnston CE: Physeal bar resection for stage III-IV infantile Blount's disease. IPOTT meeting, Brisbane Australia, October 2004

Johnston CE: Medical sequelae of early onset scoliosis – revisited. Pediatric Grand Rounds, Children's Medical Center, Dallas, November 10 2004

Johnston CE: Visiting professor, Children's Orthopedic Day, The Children's Hospital, Denver, CO. April 1, 2005. 1. Neck deformity in children: torticollis; 2. Congenital knee instability.

Johnston CE: Visiting professor, Nemours Children's Clinic, Orlando, FL. June 2-4, 2005.
1. Epiphysiolysis in advanced stage infantile tibia vara.
2. Overview of management of early-onset Scoliosis.
3. Congenital knee instability and dislocation.

Johnston CE: Visiting professor, Children's Hospital Los Angeles, CA. April 6-7, 2006.
1. A tale of two tibias (congenital pseudarthrosis cases);
2. Treatment of advanced stage infantile tibia vara;
3. Cervical deformities in young children;
4. Treatment of congenital knee deformity and instability.

Johnston CE: Treatment of adolescent hyperkyphosis by posterior surgery with osteotomy only. Advanced techniques in deformity surgery for pediatric spine surgeons, Dallas, April 29-29 2006.

Johnston CE and Andrade N: Medial epiphysiolysis in severe infantile tibia vara. Pediatric Orthopedic Society of North America, San Diego CA., May 4-6 2006.

Johnston CE, Sanders JO, D'Astous JL: Casting and traction techniques. 41st Annual Scoliosis Research Society, Monterey, CA. September 13-16 2006

Johnston CE: Beattie Visiting Professor, Shriner's Hospital for Children, Portland OR. December 8-9, 2006

1. The challenge of early onset scoliosis
2. Congenital pseudarthrosis of the tibia (A tale of 2 tibias)
3. Neck deformities in children
4. Congenital deformities of the knee
5. Treatment of severe Blount's disease

Johnston CE II: Early onset scoliosis: defining the problem and patient evaluation. AAOS Instructional Course Lecture, San Diego CA. Feb 16 2007; AAOS San Francisco CA, Mar 5 2008; AAOS Las Vegas NV, Feb 26 2009

Johnston CE, Fallatah S, McClung A: Correlation of thoracic dimensions and CT volumes in early onset scoliosis. European Pediatric Orthopedic Society, Sorrento, Italy, April 11-14 2007

Johnston CE: 1. Posterior only treatment of kyphosis and scoliosis using pedicle screws and osteotomies. 2. Evaluation and assessment of the young child with spinal deformity. Faculty, Advanced Techniques in Deformity Surgery for Pediatric Spine Surgeons, Dallas TX, April 20-21 2007

Johnston CE: Alf Nachemson lecturer, Nordic Spinal Deformity Society, Uppsala, Sweden, May 29-30 2007.

1. Early onset scoliosis. Evaluation, prognosis, treatment.
2. Home-made VEPTRs
3. Complications of growing rod instrumentation

Johnston CE, d'Astous J, Sanders JO: faculty, Non-operative management of early onset spine deformity. POSNA tutorial, Salt Lake City, June 29 2007

Johnston CE, Richards BS, Sucato DJ, Lenke LG, Bridwell KH, Erickson MA: Preoperative Correlation of Sagittal, Coronal, and Axial Deformities to Pulmonary Function in AIS. 2007 IMAST e-poster ,

Emans J, Johnston C, Smith J: Preliminary halo-gravity traction facilitates insertion of growing rods or VEPTR devices in severe early onset spinal deformity. 42nd Scoliosis Research Society, Edinburgh, Scotland, September 5-8 2007

Johnston CE: Defining who needs fusionless treatment for early onset spine deformity. SRS Tutorial: Exotic Scoliosis: Treatment of Spinal Deformity in Children with Rare Syndromes. San Antonio Tx Oct.5-6 2007

Johnston CE: Organizing committee and faculty, 1st International Congress on Early-onset Scoliosis (ICEOS). Madrid, Spain, Nov. 2-3 2007.
 Debate: traction vs. early surgery for early onset spinal deformity

- Johnston CE: Monitoring treatment outcomes in early onset deformity – objective anatomic and physiologic measures of pulmonary and chest volume. 30th Brandon Carrell Visiting Professorship, Texas Scottish Rite Hospital, Dallas, April 4-5 2008
