Dallas, Texas 75219
**Note: Please meet TSRHC representative at the main entrance to be escorted to the event.*
- ABOUT
UNIVERSITY OF
TEXAS
LONGHORN
SINGERS:** University of Texas Longhorn Singers, founded by Dr. Morris Beachy in 1958, was created to add new life to the University's choral program. He envisioned an entirely different kind of group, attracting non-music majors to participate in choral singing. Four decades later, the group has evolved into the official show choir of the University of Texas. Since its inception, Longhorn Singers has always been more than a choir - it is an active social organization rich with traditions, friendships and Texas pride.
- ABOUT TSRHC:** Texas Scottish Rite Hospital for Children is one of the nation's leading pediatric centers for the treatment of orthopedic conditions, certain related neurological disorders and learning disorders, such as dyslexia. There is no charge to patient families for treatment at the hospital, and admission is open to Texas children from birth to 18 years of age. For more information, to volunteer or to make a donation, please call (214) 559-5000 or (800) 421-1121 or visit www.tsrhc.org.
